ABOUT MILLIGONE

MilliGone is an innovative plant oil-based spray formulated to effectively control snails, slugs, millipedes, and other crawling pests using the power of natural ingredients.

Developed through sustainable biotechnology, the formulation provides a safe and eco-friendly alternative to conventional chemical pesticides.

Made from carefully selected plant-derived oils, MilliGone is skin-friendly, nature-friendly product, suitable for application on a wide range of surfaces, including homes, gardens, food handling areas, storage facilities, and commercial premises.

Its unique formulation helps maintain pest-free environments without leaving harmful chemical residues.

KEY FEATURES

- Plant oil-based organic formulation
- Effective against snails, slugs, millipedes, and other crawling pests
- Skin-friendly and gives pleasant fragrance
- Suitable for indoor and outdoor use
- Can be applied in food handling and storage areas
- Eco-friendly and biodegradable
- Free from harsh synthetic chemicals

INGREDIENTS

Natural oils isolated from Clove, Mint, Kalonji and Cinnamomum. Base solution prepared of organic solvents and purified water.

MINT

KALONJI

CINNAMOMUM

HOW TO USE MILLIGONE™

STEP 1: SHAKE WELL

Shake the bottle thoroughly before use to ensure uniform mixing of the plant-based active ingredients.

STEP 2: SPRAY EVENLY

Apply MilliGone™ evenly onto surfaces and areas where snails, millipedes, and other crawling pests are commonly observed. Ensure adequate coverage for best results.

STEP 3: WIPE IF REQUIRED

For applications on table tops, kitchen counters, food preparation surfaces, and similar areas, gently wipe the treated surface using a microfiber cloth or any clean, dry cloth after application for a cleaner finish.

WHERE TO USE

Home & Balcony

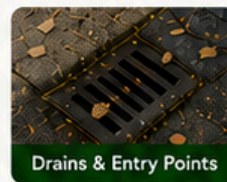

Gardens & Lawns

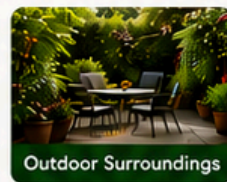

Potted Plants

Kitchen Areas

Drains & Entry Points

Outdoor Surroundings
